

PRIM&R Advancing Ethical Research Conference

2010 Uniting People, Principles, and Practices

December 6-8 | San Diego, CA | Pre-Conference Programs December 5

For 36 years, PRIM&R has offered educational events where professionals gather to discover, discuss, and debate issues affecting the world of research ethics and oversight.

Always a tremendous learning and networking opportunity, this dynamic meeting serves those involved in every facet of the research arena.

The *2010 Advancing Ethical Research Conference*, following 10 pre-conference programs on December 5, will bring together nearly 3,000 professionals from public and private institutions, the federal government, and industry.

Attendees will gain important insights, fresh strategies, and will develop essential skill-sets through a series of

13 concrete and stimulating panel presentations and discussions, as well as via their participation in more than 140 highly practical workshops and didactic sessions.

Those present will learn how to balance ethics and regulations; improve relationships among researchers institutional review boards/human research protection programs (IRBs/HRPPs), sponsors, and institutional officials; incorporate best practices; and deal with the daunting range of both late-breaking and longstanding challenges.

Who should attend?

- IRB/HRPP administrators and coordinators
- IRB/HRPP chairs and members
- Compliance personnel
- Institutional officials
- Investigators and research staff
- Regulators
- Sponsors
- Institutional attorneys
- Members of advocacy groups

What will we discuss?

- Regulatory compliance
- Informed consent
- Conflicts of interest
- Stem cell research
- Genetics, including GWAS
- Multi-center trials
- Tissue banking
- Quality improvement/quality assurance
- International research
