

### *Hot Topics for Institutional Officials*

**San Diego Convention Center • San Diego, CA  
December 5, 2010 • 8:30 AM-4:30 PM**

This full-day program will address issues faced by Institutional Officials (IOs), and focus specifically on their roles in overseeing research protections programs, including IRBs. This program will address the IO's range of responsibilities, including ensuring the conduct of ethical research and maintaining effective compliance programs. The target audience for this program is IOs working primarily in an academic research setting. Although anyone who works with HRPPs and/or commercial IRBs is encouraged to attend, this program will examine human subject protections issues specifically from the IO perspective.
