Whereas Ms. Greene is now employed by Michigan State University where she is the IACUC advisor, in which capacity she assists with a range of animal care and use related projects; and

Whereas Ms. Greene served as the Coordinator of the Institutional Animal Care Program at the University of Texas Health Science Center in San Antonio for 17 years, where she was responsible for the University’s continued compliance and accreditation for the use of animals in biomedical research and education; and

Whereas Ms. Greene currently serves on the Boards of Directors for Americans for Medical Progress (AMP) and the Scientists Center for Animal Welfare (SCAW); and

Whereas Ms. Greene was the Applied Research Ethics National Association’s (ARENA) twelfth president in 1997; and

Whereas Ms. Greene has served as program chair, co-chair, and faculty, for over two dozen PRIM&R/ARENA meetings; and

Whereas Ms. Greene was the recipient of PRIM&R’s Distinguished Service Award in 1999; and

Whereas Ms. Greene has been a core faculty member of IACUC 101 since its inception; and

Whereas Ms. Greene shared memories of her ARENA service by submitting the following note: “Being president of ARENA was more fun than work, although it really was a lot of work! If not for ARENA, I might not have met Marky Pitts, Mary Lou James, or Monte Matthews, the major players in IACUC 101. I may not have met Karen Hansen or Ada Sue Selwitz, who have been so dependable and supportive over the years. I may not have been involved on the national level at all had it not been for the visibility I received through my ARENA activities. In summary, I’m not sure where my career path would have taken me without the friendships, conferences, and support I have received from the membership since 1986;”

Therefore be it resolved that the PRIM&R Board of Directors, staff, and the wider PRIM&R community, on this third day of December, 2011, do hereby convey their heartfelt appreciation and boundless gratitude to Ms. Greene for her long, loyal, and distinguished service to both ARENA and PRIM&R.
