

Institutional Review Board (IRB) Administrator 101

Baltimore, MD

April 6-7, 2017

Susan Z. Kornetsky, MPH
Director, Clinical Research Compliance
Children’s Hospital Boston

Ada Sue Selwitz, MA
Executive Integrity/Compliance Advisor
Office of Research Integrity
University of Kentucky

IRB Administrator 101 is a 1.5-day program, specifically geared toward new administrators, those in need of a “refresher” course, and anyone interested in learning more about IRB operations. The curriculum for **IRB Administrator 101** includes the identification of the key components of human research protection programs (HRPPs), an examination of the primary responsibilities of administrators, and a review of strategies and policies for developing and/or strengthening an institution’s HRPP.
